Pricing

The best way to receive an accurate quote is in person, feel free to reach out to us at 404-304-5933 or at matthew@junkgenerals.com or fill out the contact sheet below. For a rough estimate look below at our pricing structure, and for a more indepth understanding click **HERE** to see our full pricing sheet.

Minimum $150-225
1/4- $225
1/3- $315
1/2- $435
2/3- $505
3/4- $615
Full- $750

Pricing

Here at Junk generals, we make every effort to be totally transparent with our quotes and how we get to them. Our pricing is based mainly on how much space your junk takes up in our truck. With every half load, 30 minutes of a tow-man-teams labor are included. Beyond that, we bill at $150 per hour for labor. We try to keep our prices simple and fair, and we'll always give you a price before we start the job.

With that said, there are a few items that have an additional disposal fee:

- Propane tanks: $8 each
- Paint: $8 per gallon
- Mattresses: $15–$30 (depending on location)
- Tires: $10 for passenger cars, $30 for semi truck tires

There are also a few items that are considerably more difficult to handle, so they have special pricing based on the size/location of what you've got. Keep in mind, these prices are assuming that these items are still assembled and in their original location. If that is not the case, the pricing will vary.

- Playsets: $215-$400
- Trampolines: $175
- Hot Tubs: $275-$750 (Mostly based on size)
- Pianos: $225-$550
- Pool Tables: $350

We are set up with a unique set of tools here at Junk Generals. While we do white a lot of general 'junk" pickups, we also own and operate a skid steer (B=bobcat) and are trained in operating other heavy equipment. If your job requires equipment, we are always happy to bring it, however, we do have a minimum of $400 to mobilize equipment and items not cheap to get them moving!

If you have something you're not sure about, just give us a call and we can let you know.

Whether you have a couple things to get rid of or a whole truckload, we'll be happy to take care of it. We appreciate every customer and always try to make the process as easy as possible. We also love working with customers who need junk removal on a regular basis.

Give Junk Generals a call and let us take the junk off your hands!

Simple Pricing. No Surprises.

Let us do the heavy lifting so you don't have to.
